

# 2014 Fifth Saturday

May 31, 2014

Fifteen archers came on Saturday morning and participated in the fun field shoot which we call a Na-fita, a combination of NFAA style field and FITA style field archery. Targets 1-14 were FITA style, three arrows scoring 6, 5, 4, 3, 2, 1. And targets 15-28 were NFAA Hunter style, shooting four arrows and scoring 5,4,3. Maximum FITA scoring is 252, and maximum NFAA style is 280, for a total of 532. The prime purpose of the FIFTH Saturday of the month shoot is to present to new and experienced shooters the two different styles of field archery and encourage future participation in field shooting games. The next 5<sup>th</sup> Saturday Na-fita fun field shoot will be held in September and not August in order to avoid the extreme temperatures expected in August..
